

Important WWBA 16U East Schedule Information

The 16&U Schedule is posted.

Please note that there are a few scheduled games that have fields to be determined (TBD). This is due to the fact we are trying to obtain the very best fields possible. There have been some fields that have had more than 80 games played on them in the past 3 weeks. We are trying to switch some games to better fields for the 16&U WWBA Championships. As we determine the best possible fields we will post the updated schedule.

Teams scheduled at (TBD) locations, be sure to check back to this website.
